Planning Commission Members:

How in good conscience, after the recent disastrous derailment in Mosier, Oregon, can you consider the Nipomo rail spur to be good for San Luis Obispo County and its inhabitants in any way? There is and can be no corporate mitigation that would justify approving such a project that would endanger the health and welfare of so many.

Please consider carefully what approval of this ill-advised corporate proposal would mean to us all.

Respectfully,

Ron and Terri Chappel
